SUMMARY

Final-year B.Tech CSE student skilled in **Java, React.js, and JavaScript** with experience building responsive web apps. Familiar with **APIs (FastAPI, Postman), MySQL, and cloud deployment (Vercel/Firebase)**. Strong in problem-solving, clean coding, and teamwork in Agile environments.

WORK EXPERIENCE

Web Dev Intern at [CloudOU](#)

Jan 2025 - Mar 2025

- Contributed to the **design of reusable UI components**, aligning with product requirements and team guidelines.
- Learning about API integration **implementing basic CRUD operations with FastAPI Postman**.
- Collaborated in an **Agile team environment**, contributing to code reviews and best practices.

PROJECTS

Personal Portfolio Website

[Link to Website](#)

- Built and deployed a responsive portfolio website using **React**, hosted on **Vercel**.
- Developed **modular components (Navbar, Footer, Cards, Contact Form)** with **reusable structure**.
- Applied **media queries, Flexbox, and CSS Grid** to ensure **mobile-first responsiveness and cross-device compatibility**.
- Implemented features like **dark mode toggle (with localStorage)**, **smooth scroll, scroll-to-top**, and **form validation**.

5AM Club Website

[Link to Website](#)

- Contributed to the development of production-level components for the **5AM Club platform**, a website used by thousands of users.
- Designed and implemented **scalable, reusable React components**, ensuring responsiveness and smooth user experience.
- Worked with **Agile practices, Git-based workflows, and deployment processes** to deliver features on time.

EDUCATION

2022 - Present B.Tech (CSE) at **KIIT, Bhubaneswar**
2020 - 2022 High School Diploma (CBSE) at Delhi Public School, Siliguri
2010 - 2020 Primary School Diploma (ICSE) at Don Bosco School, Siliguri

SKILLS

Languages	JavaScript (ES6+), TypeScript, Java, SQL (MySQL), HTML5, CSS3
Frameworks	React.js, FastAPI, Node.js (basic), Redux, Tailwind CSS
Developer Tools	Git, GitHub, VS Code, Postman, Cursor, Vercel, Firebase
Core Competencies	Data Structures, Object Oriented Programming, Problem Solving
Cloud & Deployment	Vercel, Firebase (basic exposure), knowledge of AWS fundamentals
